The Moor, as in duty bound, sympathizes strongly with the Pro-Slavery propagandists in Kanses, and denounces the "Free State Ruf flame," who have dared to strike for Liberty and Right, as their fathers did before them on Bunker Hill, at Saratoga and at Yorktown. Hear this Buchanan organ:

this Buchasan organ:

Our readers will see, by a telegraphic communication from the St. Louis Republican, that the Rapublican Raffians have again commenced their marders in Kansan. They had evidently wated shall they supposed that Congress had adjourned and made no provision for the protection of the clainess of the Territory. Of course, Lark himself was not there, nor were those who sent these sunglesses where thay dared not go themselves. We regret to use the Wisconses brag deed the valour of these free State ruffans, when seconding to the account, numbers of them suraccording to the account, numbers of them numbers of them numbered men few and unmuned.

We have no manner of doubt that the author tic accounts will show the "Border Ruffians" to have commenced, or provoked this firsh outterials in Kanese . The significant fact stated by the Republican, a "Bordor Ruffinn" organ, that the U.S. troops refused to interfere is conclusive on that point. They have been ready shedow of exense for it, and that they decline to de so mow, is the atrongest possible evidence against the Ruffans. "
